Download PTD from Sam's site. Alternatively, you can download the standalone versions from this Google Drive folder. If you do, you can skip step 2.2) A Flash Player projector, which you can download here. After that, simply run the file through the projector. This works for all downloadable Flash games and content. If you're having trouble getting the Flash projector to work, download the game from this Google Drive link. These files run without the projector.Consider joining my Discord.
